Brock Forbes
Principal

Recognized for his sharp insights and effective analytical skills, Brock has fast become a leading professional in Finance. His active understanding of capital markets, combined with his ability to develop and analyze diverse financial models, provides Brock the ability to develop problem-solving and opportunistic strategies that effectively position clients in ever-changing markets.

Brock began his career at Greystone Management Investments as an intern on the Fixed Income trading team. In 2016 Brock acquired the role of Financial Analyst at McNair Business Development, where he focused on financial modeling & analysis for public and private enterprises in western Canada. Recognized for these achievements, Brock joined the Investment Banking team at Eight Capital in 2017, focusing on oil and gas, cannabis, agriculture, and other diversified industries. At Eight Capital, Brock was instrumental in executing numerous corporate finance mandates, including financings, M&A, asset carve-outs, and restructurings.

Brock completed his Bachelor of Business Administration, specializing in Finance with a Certificate in Economics from the University of Regina. He is also a Chartered Financial Analyst (CFA) Level 3 Candidate.
